## Beyond Building 4 Group Scavenger Hunt

Your Names: \_\_\_\_\_

### Assignment ::

In your nametag groups, work to both fill-in the building, room, and/or hours blanks below, as well as complete the sketchbook prompts listed to the right. Don't just use the Chemeketa website to find this info—be sure to actually visit the locations listed. Divide up the different resources to find among your group members, and bring them all together on the exercise due date (you'll have time in class to complete this worksheet together). Note that there are nine sketchbook tasks—work to assign three of the sketch assignments to each member of your group.

This group exercise is due at the beginning of class on **Thursday, October 10th, 2024** (Week 02). You will show your sketchbook drawings to the instructor during class to receive credit for those (no need to make copies or take pictures of them). Be prepared to discuss your findings with the class.
